

INSTITUTE OF PRISON LAW

FOUNDED IN 1998

CERTIFICATE OF COMPETENCY IN PRISON LAW: 2022 UPDATED TO 1st December 2021

This Distance Learning Course is designed for those whose work brings them into day to day contact with prisoners – or indeed prisoners themselves over 400 of whom have taken and passed the course – and as such it is ideal for Prison Governors, Prison Officers, Solicitors, Fee-Earners and Barristers or anyone with a personal, professional or academic interests in prisons in England and Wales. The course requires no prior prison law knowledge but an understanding of English public/private law is advisable.

The course has been devised, written and updated by expert prison law barristers and has been updated fully to 1st November 2021 taking into account changes as a result of Covid-19.

The course consists of eight self-contained Modules and, once registered on the course, you will receive the eight modular full texts and the eight modular examinations – these will be sent to you at your own pace, as you complete one module the next will be sent – this allows us to ensure the text remains fresh and up to date.

Dependent on experience each Module consists of around 10 to 15 hours work, and each Module ends with a multiple choice examination which you must submit for marking.

The Course leads to the **Certificate of Competency in Prison Law** and brings with it membership of the Institute of Prison Law, allowing the Certificate holder to display the Institute's 'Prison Law Qualified' on stationary and advertising.

The Certificate is gained by successful completion of the eight examinations, with a minimum 80% pass mark in each; if you obtain less than 80% in a module you have the choice of resitting it (£24.99 plus VAT) or simply moving on to the next module – in which case you will be told which questions you got wrong and why and can complete the course but you will not be awarded the Certificate.

COSTS: the total cost of the course for non-prisoners is **£999.00+VAT (for prisoners the course price is £499+VAT)** this includes all eight modular texts described on this form, registration fees, marking fees (except exam resits as detailed above), and for those who pay the full course fee complimentary copies while stocks last of **The Prisons Handbook (latest edition 2022 (November 2021))**, the definitive 1600-page annual guide to the penal system of England and Wales and **The Prison Law Index** (latest Edition 2022) free ofcharge again while stocks last – these books are wholly complimentary and are not necessary for completion of the course.

The course must be purchased as a single entity, in advance of dispatch; regrettably we cannot offer a pay-as-you-learn option as access to the course provides access to all the course material.
